Corporate Governance Report

Introduction

Swissquote Group Holding Ltd (the “Company”) and its subsidiaries (together, the “Group”) form an international financial services group that applies a wide range of standards relating to corporate governance, including the SIX Swiss Exchange’s Directive on Information relating to Corporate Governance and FINMA Circular 2017/1 “Corporate governance – banks”. This Corporate Governance Report informs shareholders, prospective investors as well as the larger public on the Group’s policies in matters of corporate governance.

Key elements of 2022

In 2022, the Company continued intensifying its dialogue with shareholders, especially in relation to corporate governance matters. The Board of Directors (the “Board”) reviewed and evaluated all the points raised and, in particular, decided to improve disclosure on a number of aspects, such as with respect to the Board’s specific key skills and experience (see Section 3.5), the Board’s evaluation (see Section 3.6) and the Board’s composition and succession planning (see Section 3.7). The Board plans to maintain the stimulating and constructive exchange with the shareholders, the time and active participation of whom were highly appreciated.

Concerning the composition of the Board and its committees, Martin Naville, who had been a member of the Board since 2007, did not stand for re-election at the annual General Meeting (“AGM”) of 6 May 2022. On the same occasion, Paolo Buzzi, co-founder of the Company and member of the Executive Management from 1999 to March 2022, and Demetra Kalogerou, former Chairwoman of the Cyprus Securities & Exchange Commission, joined the Board. The latter’s election enabled the Board to get closer to its target set at 30% with respect to the underrepresented gender. The Board plans to propose a female candidate for election at the AGM 2023; in case the candidate is elected, the above-mentioned target will be achieved.

Changes in the composition of the Board committees were made accordingly. The General Meeting approved the new composition of the Nomination & Remuneration Committee. The Audit & Risk Committee was further strengthened with the appointment of Michael Ploog, the former CFO of the Company (from 1999 to 2019). When revisiting the composition of the Audit & Risk Committee, an appropriate level of independence was ensured.

At the level of the Executive Management, the only change in 2022 concerned Paolo Buzzi (see above). Since then, the Executive Management counts seven members.

In terms of Group organisation, the only relevant change pertains to Swissquote Capital Markets Limited: the latter is an investment firm incorporated in Cyprus, which was granted a licence to operate at the end of 2022.

In 2022, the COVID-19 pandemic did not have any significant negative impact on the Group’s corporate governance. Nevertheless, 2022 was challenging for the Company like for most international companies in view of the political and economic situation around the world. The Russian-Ukrainian conflict (including the application of the vast sanction regimes against Russia), energy shortage threats, supply chain issues, high inflation and economic slowdown, to name a few, impacted the activities of the Company as well as the markets in which it operates. These special circumstances were at the centre of the Board’s oversight activities. Overall, the Board considers that the Company navigated safely through these turbulences.

Outlook for the 2023 AGM

The 2023 AGM is planned to be held physically. This will be the first time since the 2019 AGM and the Board is very much looking forward to meeting with the Company’s shareholders on this occasion.

2 Capital structure

2.1 Capital

Under Swiss company law¹, the general meeting of shareholders (the “General Meeting”) approves increases or decreases of the share capital, whether on a stand-alone basis or as an authorisation to the Board to issue new shares or instruments that convert into shares.

As at 31 December 2022, the stated share capital of the Company amounted to CHF 3,065,634 (15,328,170 registered shares with a nominal value of CHF 0.20 each). The share capital is fully paid-up. The Company itself owned 386,763 treasury shares. In addition, as at 31 December 2022, the Company had a conditional capital of 960,000 shares with a nominal value of CHF 0.20 each (representing 6.3% of the Company’s stated share capital) and an authorised capital of 1,500,000 shares with a nominal value of CHF 0.20 each (representing 9.8% of the Company’s stated share capital). The shares that could be issued out of the conditional capital and authorised capital represented in aggregate 16.1% of the Company’s share capital.

Under the regulations of SIX Swiss Exchange, individual shareholdings that exceed 5% (save for, inter alia, certain investment funds) are deemed to be permanent investments and must therefore be disregarded for the calculation of the shares’ free float. As at 31 December 2022, the free float determined pursuant to the regulations of SIX Swiss Exchange represented 73.0% of the Company’s issued shares (2021: 73.1%).

2.2 Conditional and authorised capital in particular

In this section and in the remainder of the Corporate Governance Report, the Articles of Association of the Company, last amended on 6 May 2021 and applicable as at 31 December 2022, available at <https://en.swissquote.com/company/investors#corporate-documents> in the French original version together with an English free translation, shall be referred to as the “AoA”.

Art. 4^{bis} of the AoA on the utilisation of the conditional capital provides that the Board is authorised to increase the share capital of the Company by a maximum of CHF 192,000 by issuing no more than 960,000 new registered shares with a nominal value of CHF 0.20 each. The capital increase may be carried out through the exercise of options granted by the Board to certain employees of the Company and its group companies by a maximum of CHF 150,000 through the issuance of a maximum of 750,000 new registered shares with a nominal value of CHF 0.20 each. The capital increase may also be carried out through the exercise of options granted by the Board in connection with the acquisition of a business undertaking, parts of a business undertaking or acquisition of participations in a business undertaking by a maximum of CHF 42,000 through the issuance of a maximum of 210,000 new registered shares with a nominal value of CHF 0.20 each.

Art. 4^{ter} of the AoA governing the utilisation of the authorised capital provides that the Board is authorised until 6 May 2023 to increase the share capital of the Company by a maximum of CHF 300,000 by issuing no more than 1,500,000 new registered shares with a nominal value of CHF 0.20 each. The Board determines the amount of the issue, the point in time at which the shares confer a dividend entitlement, the method of payment in full for contributions and the subscription procedure. An increase in tranches or a partial increase is permissible. In accordance with the modalities laid down by the Board, the amount of the increase must be fully paid-up. The restrictions on the transferability of registered shares set forth in the AoA also apply to the new shares. The authorised capital will expire on 6 May 2023 and cannot be renewed due to the reform of the company law, whereby the authorised capital has been replaced with the new concept of “capital band”.

For further information on the conditional and authorised capital, reference is made to Art. 4^{bis} and 4^{ter} of the AoA.

¹ Swiss company law was modified with effect on 1 January 2023, i.e. after the end of the reporting period covered by this Corporate Governance Report. Unless otherwise indicated, the description of Swiss law refers to the law as in effect during the reporting period.

2.4 Shares and participation certificates

Pursuant to Art. 5 of the AoA, the Company may issue its registered shares in the form of single certificates, global certificates or uncertified securities. As at 31 December 2022, the share capital consisted of 15,328,170 registered shares with a nominal value of CHF 0.20 each. The share capital of the Company is fully paid-up. The dividend entitlement depends on the share's nominal value. Each of the Company's registered shares carries one voting right at the General Meeting. Upon request, acquirers of registered shares will be entered in the share register as shareholders with voting rights if they expressly declare that they acquired the registered shares in their own name and for their own account. More information is provided in Sections 2.6 and 6.

The Company does not issue any participation certificates.

2.5 Dividend-right certificates

The Company does not issue any dividend-right certificates.

2.6 Limitations on transferability and nominee registrations

In accordance with Art. 7 Para. 1 of the AoA, upon request, acquirers of registered shares will be entered in the share register as shareholders with voting rights if they expressly declare that they have acquired the registered shares in their own name and for their own account. If this requirement is not satisfied, the person in question will be entered in the share register as a shareholder without voting rights. In accordance with Art. 7 Para. 2 of the AoA, the Company may reject a request for entry into the share register within 20 days.

The AoA do not contemplate any explicit exception to the principle according to which only persons who declare holding their shares in their own name and for their own account can be registered as shareholders with voting rights. There is consequently no explicit exemption allowing nominee shareholders to be registered with voting rights and no such exceptions were granted in 2022.

Pursuant to Art. 14 Para. 1 of the AoA, decisions related to the restrictions on the transferability of registered shares can only be made by the General Meeting and require a qualified majority vote (two thirds of the votes represented and an absolute majority of the nominal values of the shares represented).

3.5 Diversity and skills

The charts below present the composition of the Board by gender, tenure and nationality:

In 2022, as part of the ongoing enhancement of its succession planning capabilities, the Company revisited the list of skills and experiences used to assess the qualifications of each Board member. The new list of skills and experiences is reflected in the chart below. The individual outcome is newly disclosed at the end of each Board member's CV.

Specific key skills and experience

Corporate Governance Report

3.6 Board evaluation

Each year, the Board proceeds to an anonymous evaluation of the Board's, the Committees' and the Chairman's respective performance. The evaluation is based on a detailed questionnaire filled in by each Board member. The questions are inter alia based on the tasks for the Board, the Committees and the Chairman as described in FINMA Circular 2017/1 "Corporate governance – banks". The questionnaires are reviewed by the Secretary, who then provides an anonymised report to the Chairman. The outcome is discussed at the next Board meeting. Where required or appropriate, an action plan is defined to treat the concerned findings.

3.7 Board composition and succession planning

The Nomination & Remuneration Committee regularly reviews the Board's composition and succession planning and makes its corresponding recommendations to the Board. When doing so, all the relevant elements such as the skills and experiences available within the Board, the Board evaluation, the need for refreshment as well as diversity and independence aspects are taken into consideration. After the Company increased internationality, technology skills and gender diversity in the Board's composition in 2022, the Nomination & Remuneration Committee has identified the key elements of development for the future composition, which can be summarised with the following timeline:

Milestones

3.8 Elections and terms of office

Pursuant to Art. 16 Para. 1 of the AoA, the minimum number of members of the Board is five and the maximum number of members is nine. Pursuant to Art. 16 Para. 2 of the AoA, the members of the Board are elected individually for a term of office that finishes at the end of the next AGM. Re-election is permitted. New members of the Board appointed during a term of office can only be elected to serve until the end of that term. In accordance with Art. 9 Para. 2 Ciph. 2 of the AoA, the Chair is elected at the AGM until the end of the following AGM.

The Board acts at the same time as the Board of Directors of Swissquote Bank Ltd. Since Swiss banking laws and regulations impose a strict separation between the Board of Directors and the Executive Management (i.e. no executive members are permitted to sit on the Board), the Board has always been composed of non-executive members.

The time of the first election of the current Board members is mentioned in Section 3.1.

Corporate Governance Report

3.9 Internal organisational structure

3.9.1 Generalities

The operation of an international financial services group comprising a bank in Switzerland and a bank in Luxembourg as well as investment firms located in major financial places requires, inter alia, a proper organisation and an efficient consolidated supervision by the Company.

The organisation and responsibilities of the Group entities are mainly set out in the Policy on the consolidated supervision, which in particular aims to ensure that:

- The Group is duly organised and has a proper structure and governance, including a cohesive set of by-laws, policies and regulations;
- The Group has an appropriate internal control system and the Group entities comply with the regulations applicable to them;
- The risks implied by the activities of the Group, including legal and reputation risks, are adequately identified, mitigated and monitored;
- The Board members, the Executive Management members and other key persons in the Group provide assurance of proper business conduct;
- The applicable regulations on the fight against money laundering and terrorist financing are duly complied with throughout the Group;
- The applicable regulations on the establishment of financial statements as well as on capital adequacy, liquidity, risk diversifications, risk positions and other relevant quantitative parameters are duly complied with throughout the Group; and
- The level of competence for making decisions in the Company (including according to levels of financial materiality) is set forth in the Organisation Regulations (available at <https://en.swissquote.com/company/investors#corporate-documents> in the French original version) and other internal regulations and is summarised in the Regulation relating to responsibilities and financial powers.

3.9.2 Overall Board organisation

After each AGM, where all Board members and the Chair are elected, the Board appoints its Secretary. The Board may form one or several advisory committees, which consist of members of the Board. The committees' function is to make recommendations to the Board on specific matters. In 2022, there were two such committees at the level of the Group: the Audit & Risk Committee and the Nomination & Remuneration Committee. Such committees must report to the Board on a regular basis, but at least once per quarter for the Audit & Risk Committee and twice a year for the Nomination & Remuneration Committee. The Board has also delegated some of its powers to its Chair.

The Board meets as often as required, but at least four times a year. The Board and its committees plan and coordinate their activities in accordance with a yearly planning schedule that covers all matters requiring the Board's attention and thus ensures that the Board's activity is compliant with applicable laws and regulations.

In 2022, the Board met ten times (four physical meetings and six (video-)conference calls), out of which one meeting was a strategic meeting and another one the so-called Annual Conference on Risks (see Section 3.12). Meetings, either physical or via (video-)conference calls, lasted in average for four hours. All Board members attended all Board meetings in 2022. The Executive Management was present at all meetings, except where there was a review of their personal situation. On various occasions, decisions were taken by means of circular resolutions and ratified at the next Board meeting.

Corporate Governance Report

The Board's approval is also required for specific transactions that do not fall under the ordinary business activities and/or which financially exceed defined thresholds.

Board members may not act alone on behalf of the Company and may not give instructions on their own, except where the AoA, the internal regulations or a resolution of the Board provide otherwise.

3.9.4 Functions delegated to the Chair

The Chair performs, inter alia, the following functions:

In the event of a tie, the Chair has the casting vote. For decisions that are taken in relation to a capital increase (ordinary, conditional or authorised increase), including the related modifications of the AoA, the quorum is also achieved when a single member of the Board is present.

For further information on quorums and decisions, reference is made to the AoA (in particular Art. 17) and to Art. 6 of the Organisation Regulations.

3.9.6 Audit & Risk Committee

As at 31 December 2022, Jean-Christophe Pernellet (Chairman), Michael Ploog and Demetra Kalogerou are members of the Audit & Risk Committee.

The meetings lasted on average for two hours and fifteen minutes. In 2022, Jean-Christophe Pernollet attended all the meetings, Martin Naville and Monica Dell'Anna attended five meetings before the AGM of 6 May 2022, and Michael Ploog and Demetra Kalogerou attended four meetings after their nomination to the Audit & Risk Committee. 3.12 Definition of areas of responsibility

In accordance with Art. 20 of the AoA, the Board may delegate all or part of its duties to the Executive Management. The latter is responsible for the implementation of the business strategies approved by the Board and for the compliance of the operations with the risk management policies approved by the Board. Furthermore, the Executive Management ensures the maintenance and development of a corporate framework in line with the corporate values approved by the Board, in particular as stated in the Code of Conduct (available at <https://en.swissquote.com/company/investors#corporate-documents> in the English original version).

The Executive Management in particular has the responsibility to perform the following functions:

Corporate Governance Report

3.13 Information and control instruments vis-à-vis the Executive Management

The Group operates a comprehensive management information system that provides the Executive Management with all data required to manage and control the business and to report relevant information to the Board.

The Board periodically reviews the nature of the reporting prepared by the Executive Management and the frequency of the respective reports. The reporting may be summarised as follows:

- Quarter 1 and 3 reporting in particular includes (1) the CEO Report, which inter alia provides an update on key financial figures, business activities, important projects, key operational matters and investor relations, (2) the Financial Report, which reports on the key financial matters (including budgets and capital management matters), together with condensed consolidated interim financial statements (established for internal purposes only), (3) the Risk Report, which informs on risk-related matters and (4) the Legal & Compliance Report and the Laws & Regulations Report, which reports on legal, compliance and regulatory matters;
- Half-yearly reporting covers the same scope as the quarter 1 and 3 reporting, except that a condensed special purpose interim financial information of Swissquote Bank Ltd is provided in addition to the condensed consolidated interim financial statements. Both documents are reviewed by the auditors and the latter serves as basis for the half-year press release; and
- Yearly reporting covers the same scope as the half-year reporting and includes the audited consolidated and statutory financial statements for both the Company and Swissquote Bank Ltd.

Once a year, the Board organises the so-called Annual Conference on Risks, a conference dedicated to an in-depth review of the risks (including IT security risks and, especially, cyber risks), internal control systems and risk management processes. The Executive Management (including the persons responsible for the Risk Control Function and the Compliance Function) and the respective heads of IT & Security and Assets & Liabilities Management & Treasury provide the Board with their own risk assessment and their recommendations with respect to the enhancement of the internal control systems and risk management processes.

Ad hoc reporting is addressed to the Board when required by the circumstances or upon request of the Board. Further, the Executive Management must immediately report to the Board material matters outside the ordinary course of business.

The Board and its committees may invite the Executive Management in corpore or some of its members to some or all of their meetings.

The function of internal audit, reporting directly and independently to the Board, is outsourced to BDO SA, Geneva, which is a member of the Institute of Internal Auditing Switzerland. The duties of the internal audit are governed by the Ordinance on Banks and Savings Banks, FINMA Circular 2017/1 “Corporate governance – banks” and the applicable internal regulations. The internal audit analyses the compliance of business activities with legal and regulatory requirements and applicable internal regulations. The internal audit carries out the audit plan approved by the Board and reports its findings and recommendations in writing. It also executes ad hoc missions and investigations upon request of the Board. The internal audit provides the Board with a specific half-year summary report that reviews, inter alia, the progress made by the Company in implementing the recommendations made in earlier reports and includes information with respect to the execution of the audit plan. The internal audit participates in the Annual Conference on Risks and provides the Board with its own assessment of the risks, internal control systems and risk management processes. The Board formally takes note of the reports of the internal audit and reviews the conclusions and comments made by the Audit & Risk Committee, which examines the reports in detail.

Swissquote Bank Ltd is responsible for performing consolidated supervision functions that cannot be performed at the level of the Company, in particular when the necessary resources or systems are not available in the Company.

In terms of risk management, the Company complies, inter alia, with the requirements of FINMA Circular 2017/1 “Corporate governance – banks” and maintains an extensive risk management framework which addresses risks related to a banking activity (credit risk, market risk, interest risk, operational risk, reputation risk, etc.).

The risk review process is part of the Company’s strategic and organisational framework and, as a result, part of the Company’s day-to-day activities. The Annual Conference on Risks is an important tool of the Board to undergo an in-depth review of the Company’s risks, internal control systems and risk management processes. Based on the findings of the risk review process, the Board makes the necessary decisions, in particular in terms of limits and risk appetite.

6 Shareholders' participation

6.1 Generalities

Shareholders in Swiss corporations limited by shares have extensive protective and participatory rights. Protective rights include the right of information and consultation (Art. 697 and 697a CO), the right to a special audit (Art. 697c ff CO), the right to call a General Meeting (Art. 699 Para. 3 CO), motion rights (Art. 699 Para. 3 CO), the right to challenge resolutions of the General Meeting (Art. 706 CO) and the right to instigate liability proceedings (Art. 753 ff CO). Participatory rights primarily include the right to participate in General Meetings, the right to express an opinion and voting rights (Art. 694 CO). The Ordinance against Excessive Compensation in Listed Corporations grants additional rights to shareholders, such as with respect to the election of the Company's independent proxy, whose term of office ends at the next AGM. For further information on this ordinance, reference is made to the Remuneration Report.

The General Meeting is the highest body of the Company. It has the following non-transferable powers to:

- Establish and amend the AoA;
- Annually elect the members of the Board, the Chair of the Board, the members of the Remuneration Committee, the independent proxy and the auditors;
- Approve the Annual Report and the consolidated financial statements;
- Approve the annual financial statements and adopt resolutions concerning the allocation of the disposable profit, in particular set the dividend as well as the profit-sharing bonus;
- Discharge the members of the Board;
- Approve the remuneration of the Board and the Executive Management in accordance with Art. 14^{bis} of the AoA;
- Resolve on the delisting of the Company; and
- Pass resolutions on all matters reserved to the General Meeting by law or the AoA.

For further information on the General Meeting, reference is made to Art. 9, 10 and 11 of the AoA.

6.2 Voting rights and representation

Pursuant to Art. 12 of the AoA, every person duly entered in the share register as a shareholder with voting rights is entitled to exercise the rights attached to the registered shares. In accordance with Art. 7 of the AoA, upon request, acquirers of registered shares will be entered in the share register as shareholders with voting rights if they expressly declare that they have acquired the registered shares in their own name and for their own account. If this requirement is not satisfied, the person in question will be entered in the share register as a shareholder without voting rights. The AoA do not contain any express provisions for granting exceptions to this limitation.

Shareholders may have their shares represented at the General Meeting by a legal representative or, with a written power of attorney, by a third party, who is not required to be a shareholder of the Company. The Board shall decide on the requirements regarding powers of attorney and instructions; powers of attorney without qualified electronic signatures may also be recognised. The final decision on the validity of powers of attorney rests with the Chair of the Board. Specific rules on the issue of instructions to the Company's independent proxy or on the electronic participation in the General Meeting are set by the Board and communicated to shareholders in the invitation to the General Meeting.

Except as may be described above, the AoA do not contemplate restrictions on the exercise of voting rights. The general rules of the Swiss Code of Obligations apply to determine at which conditions such restrictions may be abolished.

Corporate Governance Report

6.3 Quorums and majority requirements under the Articles of Association

Where a General Meeting has been convened in accordance with the provisions of the law and the AoA, decisions may be taken, irrespective of the number of shares represented or shareholders present at the General Meeting. Pursuant to Art. 12 of the AoA, the General Meeting is therefore quorate regardless of the number of shares represented.

In accordance with Art. 13 of the AoA, except when the law and/or the AoA provide otherwise, the General Meeting passes resolutions and conducts elections by an absolute majority of the voting rights validly represented. Elections require an absolute majority in the first round, and, if this is not achieved, a relative majority is sufficient in the second round. In the event of a tie, the Chair of the Board has the casting vote. As a rule, votes are cast electronically. If the electronic voting system fails, an open vote shall be held unless one or more shareholders who alone or together represent at least 5% of the voting rights request a secret ballot.

Pursuant to Art. 14 of the AoA and Swiss company law, a resolution of the General Meeting adopted by at least two thirds of the votes represented and an absolute majority of the nominal values of the shares represented is required for:

- A change to the Company's purpose;
- The introduction of preferred voting shares;
- The restriction of the transferability of registered shares;
- An authorised or conditional capital increase;
- A capital increase by recourse to equity, against contribution in kind or for the acquisition of assets and the granting of special benefits;
- The restriction or revocation of subscription rights;
- The relocation of the Company's registered office;
- The delisting of the Company; and
- The dissolution of the Company.

6.4 Convocation of the General Meetings

The General Meetings are convened by the Board in the normal course of business or otherwise by the auditors or the liquidator.

One or more shareholders of the Company may request the convocation of an extraordinary General Meeting ("EGM") if all of the following conditions are satisfied:

- The shareholder or shareholders together hold at least 5% of the nominal value of the share capital entered in the commercial register on the day the request is received; and

- The shareholder or shareholders submit their request in writing and, at the same time, arrange for shares with a nominal value of at least 5% of the share capital to be blocked by the depository, the latter being required to issue confirmation that said shares have been blocked. The shares shall remain blocked until the day after the General Meeting.

For further information on the convocation of the General Meeting, reference is made to the Art. 10 and 11 of the AoA.

6.5 Inclusion of items on the agenda

Pursuant to Art. 11 of the AoA, no resolutions may be passed on motions relating to agenda items that were not duly announced, except for motions by a shareholder to convene an EGM, to carry out a special audit or to elect an auditor.

One or more shareholders of the Company may request that an item be included on the agenda if all of the following conditions are satisfied:

- The shareholder or shareholders together hold at least 0.5% of the nominal value of the share capital entered in the commercial register on the day the request is received;
- The shareholder or shareholders submit their request in writing and, at the same time, arrange for shares with a nominal value of at least 0.5% of the share capital to be blocked by the depository, the latter being required to issue confirmation that said shares have been blocked. The shares shall remain blocked until the day after the General Meeting; and
- The request is sent by registered letter to the attention of the Board at the registered office of the Company and shall arrive there at least 45 days prior to the General Meeting.

For further information on the agenda, reference is made to Art. 11 of the AoA.

Corporate Governance Report

6.6 Entries in the share register

Pursuant to Art. 6 of the AoA, the Company maintains a share register in which the names and addresses, respectively the corporate name and registered office of the owners of the registered shares and any usufructuaries, are entered into. The Board has mandated ShareCommService AG, Europa-Strasse 29, CH-8152 Glattbrugg, to maintain the Company's share register.

In accordance with Art. 7 of the AoA, upon request, acquirers of registered shares will be entered in the share register as shareholders with voting rights if they expressly declare that they have acquired the registered shares in their own name and for their own account. If this requirement is not satisfied, the person in question will be entered in the share register as a shareholder without voting rights.

For practical reasons, no new registration is made in the share register for a period up to 20 days before a General Meeting. Shareholders who sell their shares prior to the General Meeting are no longer entitled to exercise their votes.

For further information on entries in the share register, reference is made to Art. 6 and 7 of the AoA.

7 Changes of control and defence measures

7.1 Duty to make an offer

Art. 135 FMIA states that anyone who directly, indirectly or acting in concert with third parties acquires equity securities which, added to the equity securities already owned, exceeds the threshold of 33¹/₃% of the voting rights of a target company, whether exercisable or not, must make an offer to acquire all listed equity securities of that company.

The articles of association of companies in scope of the mandatory offer rule can contain clauses to waive the mandatory offer obligation (opting-out) or increase to up to 49% the threshold of voting rights above which an offer is to be made to all shareholders (opting-up). The AoA do not include any opting-out or opting-up clause.

7.2 Clauses on changes of control

In accordance with the company-wide Employee Share and Option Plan (applicable to all eligible employees and not only to the members of the Executive Management), in case of change of control, the Board may seek to replace outstanding options by new grants having the equity securities of the acquiring company or another related company as underlying asset, in which case the value of the options granted will be at least equal to the value of the options that they replace. In accordance with the Employee Share and Option Plan, the Board may also decide to accelerate the vesting of outstanding options. Subject to the aforementioned elements, none of the members of the Board, the members of the Executive Management or other employees benefit from change of control clauses.

Corporate Governance Report

8 Auditors

8.1 Generalities

The main duties of the auditors are to report to the General Meeting the results of their audits, the objective of which is to verify that the annual financial statements and the proposed appropriation of retained earnings comply with the law and the AoA.

The auditors recommend the approval, with or without qualification, or the rejection of the annual financial statements. Further, when the Company is required to deliver consolidated financial statements, the auditors must report on the compliance with the law and the accounting principles adopted for the consolidation. The auditors must be present at AGMs, unless a unanimous resolution of the shareholders provides otherwise.

The consolidated financial statements and the statutory financial statements of the Company have been audited since 1999 by PricewaterhouseCoopers Ltd, which has been re-elected each year since then. The Board regularly assesses whether PricewaterhouseCoopers Ltd remains the best candidate to act as the Company's auditors and, as a result, should be proposed for re-election or not. Upon recommendation of the Audit & Risk Committee and taking in particular into account the alternative audit firms and the rotation frequency of the lead auditor, the Board has so far

positively assessed PricewaterhouseCoopers Ltd in terms of qualifications, independence and performance.

The auditors must meet the highest independence criteria. Except for tax matters, audit-related services, other services that can generally only be provided by the auditors (e.g. reviews of documents filed with FINMA) and services that may be provided by the auditors subject to compliance with certain independence rules, the Group uses consultants who are independent from the auditors.

In addition to their audit opinions, the auditors are requested to provide the Audit & Risk Committee with specific information such as their audit findings, comments on accounting issues and audit fee proposals.

8.2 Duration of the mandate and term of office of the lead auditor

The auditors are elected for a one-year term by the General Meeting and are eligible for re-election. They were re-elected on 6 May 2022. The rotation frequency of the lead auditor is maximum seven years. Christophe Kratzer has been the lead auditor of the Group since the 2021 AGM.

8.3 Audit fees and additional fees

The total fees charged by the auditors to the Group in 2022 are analysed as follows:

in CHF	2022	2021
Audit fees	1,147,714	1,072,032
Additional fees:		
Audit-related fees	71,285	77,689
Tax advice	60,000	55,000
Legal advice	-	15,471
Total	1,278,999	1,220,192

Audit fees are agreed upon in advance for the audits of the consolidated and statutory financial statements of the Group companies, as well as for the regulatory audit of Swissquote Bank Ltd. They can be adjusted in the course of the relevant year under special circumstances.

In 2022, audit fees increased mostly due to the growth in the Group's size and complexity, resulting in additional audit procedures.

Audit-related fees cover standard triennial audits in relation to Swissquote Bank Ltd's status of so-called "qualified intermediary" and compliance with FATCA as well as the preparation of an ISAE 3402 report.

Tax-related additional fees mainly cover the assistance provided to the Group when filing local tax returns.

Legal advice fees charged for 2021 relate to services provided by PwC Legal (Luxembourg) to Swissquote Bank Europe SA in relation to employment matters.

Corporate Governance Report

8.4 Informational instruments pertaining to the auditors

The auditors closely interact with the Audit & Risk Committee and are invited to its meetings. In 2022, the auditors met five times with the Audit & Risk Committee.

Year-round, the auditors issue, inter alia, the following documents:

- Planning report with respect to the audit of the statutory and consolidated financial statements of the Company, respectively of the statutory financial statements of Swissquote Bank Ltd. The document includes information on (i) the auditors' risk analysis, (ii) the audit focus area and the materiality levels, (iii) the audit of the internal control system in connection with the preparation of the financial statements, (iv) the audit activities, team and fees estimate, (v) the perspective on fraud risks and (vi) the developments in accounting standards and other matters;
- Planning report with respect to the regulatory audit, which includes information on (i) the changes in the regulatory environment, (ii) the auditors' risk analysis and the audit strategy pursuant to FINMA Circular 2013/3 on auditing, (iii) the estimated fees and (iv) the timeline of the audit activities;
- Review report with respect to the condensed consolidated interim financial statements and with respect to the condensed special purpose interim financial information of Swissquote Bank Ltd;
- Comprehensive report to the Audit & Risk Committee and to the Board with respect to the statutory and consolidated financial statements of the Company, respectively to the Board of Directors of Swissquote Bank Ltd with respect to the statutory financial statements of Swissquote Bank Ltd. The document includes the auditors' key findings regarding the accounting, the internal control system and the performance and results of the audits;
- Regulatory audit report for the Company and Swissquote Bank Ltd to FINMA, a copy of which is addressed to the Board of Directors;
- Report to the General Meeting of the Company, respectively of Swissquote Bank Ltd, on the results of the audit of the financial statements. The document includes (i) the auditors' opinion as to whether the financial statements should be approved with or without qualification, or rejected, (ii) information on the independence of the auditors, (iii) information on the materiality level and the audit scope, (iv) any key audit matter identified, (v) a confirmation as to whether an internal control system exists or not and (vi) a confirmation as to whether the proposed appropriation of retained earnings complies with the law and the AoA; and
- Report on the Company's Remuneration Report.

The above-mentioned documents are commented on by the auditors during meetings of the Audit & Risk Committee. In particular, the planning of the statutory and consolidated financial audits and the planning of the regulatory audit are discussed at the Annual Conference on Risks, which the members of the Audit & Risk Committee attend.

The Audit & Risk Committee also receives copies of the reports related to Swissquote Bank Ltd's compliance with the provisions of agreements or private regulations (e.g. regulations issued by the SIX Swiss Exchange). This allows the Audit & Risk Committee to assess the work of the auditors performed outside the standard audit services, in particular in terms of conflicts of interest.

Once a year, the Audit & Risk Committee reviews the qualification, independence and performance of the auditors and assesses, inter alia, the level of expertise available, the adequacy of resources and the quality of the planning (in particular the coordination with the internal auditor). The Audit & Risk Committee assesses the auditors' independence on the basis of the auditors' related annual confirmation and on the Audit & Risk Committee's own assessment of the various reports addressed to its attention or of which it received a copy. The Audit & Risk Committee also assesses whether the amount and trend in audit fees appears reasonable. In this respect, changes to audit fees must be justified by the auditors, taking into consideration changes in the scope and/or the complexity of the audits. Based on its annual assessment, the Audit & Risk Committee recommends to the Board to either propose the General Meeting to re-elect the auditors or to start a process for the selection of new auditors.

9 Information policy

9.1 General principles

The Company's information policy aims primarily at promoting confidence, creating a better understanding of the Company's business and developing and maintaining realistic investor expectations.

The Company commits to providing timely and orderly information in accordance with the applicable legal and regulatory requirements, in particular with the provisions of the SIX Swiss Exchange regulations on ad hoc publicity. The Company aims at providing the financial market with consistent, accurate and complete information evenly during profitable or difficult periods and ensures that the investment community has fair access to such information.

It is the Company's policy not to release detailed earnings projections, but it may provide certain guidance and/or outlooks to the investment community for them to assess the Company and its business prospects.

As a general rule, price-sensitive information must be released promptly as soon as the main aspects of such information are established by the Company. However, the Company is permitted under the relevant regulatory provisions to postpone the release of price-sensitive information, if the information concerns a plan or negotiation of the Company and its premature disclosure would prejudice the legitimate interest of the Company. In such a case, the Company will take adequate measures to ensure the effective confidentiality of the information and to prevent insiders from trading on the basis of that information. The Company will adequately inform the investment community in cases where the information previously kept confidential leaks into the market.

The Company will generally avoid releasing price-sensitive information during trading periods of the Company's shares or shortly before opening of trading. If the information is to be released during normal trading hours of the SIX Swiss Exchange (9 a.m. to 5.40 p.m.) or less than 90 minutes before the opening of trading, the competent department (SIX Exchange Regulation) must be informed at least 90 minutes prior to the release of such information. In situations where it cannot be avoided that price-sensitive information be disclosed during trading hours, the Company must consider whether a request for a suspension of trading is appropriate. If price-sensitive information is divulged unintentionally in a selective setting, such as analyst meetings or conference calls, which are not open to the investment community, the Company will publicly disclose such information promptly after it learns of the selective disclosure.

The Company will promptly publish a corrective release if it determines that previously released price-sensitive information was materially incorrect at the time it was disclosed.

As a policy, the Company does not comment on market rumours and speculations.

9.2 Reporting and corporate calendar

9.2.1 Annual and interim reporting

The Company publishes annual and half-year financial statements. They are published by media releases shortly after the Board approves them. Such media releases are followed by a media and analyst conference as well as optional call-in conferences. The media releases, the presentations made at call-in and press conferences, Annual Reports (including the respective Corporate Governance Report, Remuneration Report and Sustainability Report) and interim consolidated financial statements are released on the Company website (<https://en.swissquote.com/company>). Corporate Governance Report

10 Closed periods

To ensure compliance with the Swiss rules against market abuse and prevent any perception of misuse of price-sensitive information by Board members, Executive Management members or other employees, the Company determines time periods during which they are restricted in their ability to trade the Swissquote share.

Under Swissquote's policy as currently implemented, Board members, Executive Management members and other employees are prohibited from trading the Swissquote share during so-called "closed periods", which are the periods that separate the beginning of an annual or semi-annual reporting period (i.e. 1 January or 1 July) and the publication of the Company's Annual Report, respectively the Company's half-year report. When the Company publishes key financial results for the preceding reporting period before the publication of the Company's Annual Report, the closed period is maintained for Board members, Executive Management members and Senior Management members until the publication of the Company's annual report.

Board members, Executive Management members and other employees are further required to get advance clearance before they trade the Swissquote share during so-called "intermediary periods", which run during about the last eight weeks before the end of the year, respectively the end of the first semester.

Board members, Executive Management members and other employees are free to trade the Swissquote share during periods that are not closed periods or intermediary periods (so-called "free trading periods"), unless they are in possession of price-sensitive information regarding the Group or are otherwise instructed by the Company not to trade the Swissquote share (so-called "trading ban").

Holders of stock options are not authorised to exercise such stock options during closed periods and intermediary periods. Notwithstanding the foregoing, stock options may exceptionally be exercised "in shares" during those periods if the stock options would otherwise lapse before the end of the relevant period.

Finally, Board members, Executive Management members and other employees are prohibited from trading financial instruments, in which the Swissquote share accounts for 20% or more of the underlying, even during a free trading period. Consequently, apart from the exercise of stock options issued by the Company, any transaction on options, warrants or CFDs with the Swissquote share as a significant underlying asset is forbidden.
