3.2 Other activities and vested interests

None of the Board members has activities or vested interests (as defined in the SIX Swiss Exchange regulations) other than the ones described in Section 3.1.

3.3 Number of permitted activities

Pursuant to Art. 16 Para. 4 of the Aol, the number of mandates held in superior governing or administrative bodies of legal entities outside the Company and its affiliates, which must be registered with the Swiss Commercial Register or a comparable foreign register, is limited for members of the Board to 15 mandates held in business undertakings, a maximum of four of which may be in listed companies, and to five mandates held in other legal entities such as foundations and associations. Mandates held in different legal entities of one and the same single group of companies or mandates on behalf of a group or legal entity shall be counted as one mandate. Limits may be exceeded for a short-term period of time, but by no more than one third of the number of permitted mandates per above-mentioned category.

3.4 Elections and terms of office

The Board must have a minimum of three members elected at the General Meeting of Shareholders. According to Art. 16 Para. 2 of the Aol, the members of the Board are elected individually for a term of office that finishes at the end of the next Ordinary General Meeting. Re-election is permitted. New members of the Board appointed during a term of office can only be elected to serve until the end of that term. The Chair is elected at the General Meeting until the next Ordinary General Meeting.

The Board has always been composed of non-executive members. The Board acts at the same time as the Board of Directors of the Bank.

The time of the first election of the current Board members is mentioned in Section 3.1.

3.5 Internal organisational structure

3.5.1 Generalities

The operating of a bank in Switzerland requires, inter alia, a proper organisation and a clear segregation between the duties and responsibilities of the Board and those of the Executive Management.

The Group's internal regulation framework consists of a cohesive set of by-laws, policies and regulations that is organised with respect to the level of competence required for adopting new regulations and/or amending existing ones. The various levels of competence are the following:

- Both the General Meeting and FINMA;
- The General Meeting;
- Both the Board and FINMA;
- The Board;
- The Executive Management; and
- The Management.

The level of competence for making decisions in the Company (including according to levels of financial materiality) is set forth in the Organisation Regulations and other internal regulations and is summarised in the Regulation relating to responsibilities and financial powers.

After each Ordinary General Meeting, where all Board members and the Chair are elected, the Board appoints its Secretary. The Board may form one or several advisory committees, which consist of members of the Board. The Committees are in charge of proposing board resolutions to the full Board with respect to specific matters. In 2018, there were two such Committees at the level of the Group: the Audit & Risk Committee and the Nomination & Remuneration Committee. Such Committees must report to the Board on a regular basis, but at least once per quarter for the Audit & Risk Committee and twice a year for the Nomination & Remuneration Committee. Further, certain functions of the Board are delegated to the Chair.

New Board members are introduced to their new function through a specific programme including presentations of the firmwide considerations by the Executive Management and presentations by the Managers of each department.

Corporate Governance Report

3.5.1 Generalities (continued)

The Board meets as often as required, but at least four times a year. The Board and the Committees plan and coordinate their activities in accordance with a yearly planning schedule that covers all matters requiring the Board's attention and thus ensures that the Board's activity is compliant with applicable laws and regulations.

In 2018, the Board met 11 times (six physical meetings and five conference calls), out of which one meeting was a strategy session and another meeting the so-called Annual Conference on Risks (see Section 3.7). In average, a physical meeting lasts for four and a half hours and a conference call lasts for one hour. The Executive Management was present at all meetings, except where there was a review of their personal situation. On various occasions, decisions were taken by means of circular resolutions and ratified at the next Board meeting.

3.5.2 Functions of the Board of Directors

The majority of members shall be present for the Board to be quorate. Resolutions of the Board are passed by a majority of the votes cast by the members present. In the event of a tie, the Chair has the casting vote. For decisions that are taken in relation to a capital increase (ordinary, conditional or authorised increase), including the related modifications of the Aol, the quorum is also achieved when a single member of the Board is present.

For further information on quorum and decisions, reference is made to the Aol (in particular Art. 17).

3.5.5 Audit & Risk Committee

Board members on the Committee: Jean-Christophe Pernellet (Chairman), Martin Naville and Beat Oberlin.

The Audit & Risk Committee has no decision-making powers. It only acts in an advisory or preparatory capacity.

The Executive Management in particular has the responsibility to perform the following functions:

Corporate Governance Report

3.7 Information and control instruments vis-à-vis the Executive Management

The Group operates a comprehensive management information system that provides the Executive Management with all data required to manage and control the business and to report relevant information to the Board.

The Board periodically reviews the nature of the reporting prepared by the Executive Management and the frequency of the respective reports. The reporting may be summarised as follows:

- Quarter 1 and 3 reporting includes a full set of condensed consolidated interim financial statements (established for internal purposes only), as well as a financial report examining the key financial matters, including budgets, and capital management issues. A risk and compliance report summarises the key risk issues, new or amendments to internal regulations that require Board approval, and assesses the changes in the legislative and regulatory environment. Furthermore, the Board receives summary reports on key human resources and remuneration issues as well as an update on important projects, statistics on revenue developments and comments on the operations and the business environment;
- Half-yearly reporting covers the same scope as the quarter 1 and 3 reporting, except that an interim statutory balance sheet and income statement is provided in addition to the condensed consolidated interim financial statements. This latter document is reviewed by the auditors and serves as basis for the half-year press release; and
- Yearly reporting covers the same scope as the half-year reporting and includes the audited consolidated and statutory financial statements.

Once a year, the Board organises a conference dedicated to an in-depth review of the risks, internal control systems and risk management processes (the "Annual Conference on Risks"). The Executive Management and the respective heads of Finance, Reporting & Tax, Information Technology & Security and Assets & Liabilities Management & Treasury provide the Board with their own risk assessment and their recommendations with respect to the enhancement of the internal control systems and risk management processes.

Ad hoc reporting is addressed to the Board when required by the circumstances or upon request by the Board. Further, the Executive Management must immediately report to the Board material matters outside the ordinary course of business.

The Executive Management attends all meetings of the Board and of the Committees, unless otherwise requested by the Board or the concerned Committees.

The function of internal auditor, reporting directly and independently to the Board of Directors of the Bank, is outsourced to BDO SA, Geneva, which is a member of the Institute of Internal Auditing Switzerland. The duties of the internal auditor are governed by the Ordinance on Banks and Savings Banks, FINMA Circular 2017/1 (Corporate governance – banks) and the applicable internal regulations. The internal auditor analyses the compliance of business activities with legal and regulatory requirements and applicable internal regulations. The internal auditor carries out the audit plan approved by the Board and reports its significant findings and recommendations in writing. It also executes ad hoc missions and investigations upon request of the Board. The internal auditor provides the Board with a specific half-year summary report that reviews, inter alia, the progress made by the Company in implementing the recommendations made in earlier reports and includes relevant information with respect to the execution of the audit plan. The internal auditor participates in the Annual Conference on Risks and provides the Board with its own assessment of the risks, internal control systems and risk management processes. The Board formally takes note of the reports of the internal auditor and reviews the conclusions and comments made by the Audit & Risk Committee, which examines the reports in detail.

The Bank is responsible for performing consolidated supervision functions which cannot be performed at the level of the Company or at the level of its entities, because the necessary organs or systems are not available at the level of these entities.

In terms of risk management, the Company complies, inter alia, with the requirements of FINMA Circular 2017/1 (Corporate governance – banks) and maintains an extensive risk management regulations framework which addresses risks related to a banking activity (credit risk, market risk, interest risk, operational risk, reputation risk, etc.).

None of the members of the Executive Management has activities and vested interests (as defined in the SIX Swiss Exchange regulations) other than the ones described in Section 4.1.

4.3 Number of permitted activities

Pursuant to Art. 16 Para. 4 of the Aol, the number of mandates held in superior governing or administrative bodies of legal entities outside the Company and its affiliates, which must be registered with the Swiss Commercial Register or a comparable foreign register, is limited for members of the Executive Management to four mandates held in business

undertakings, a maximum of one of which may be in a listed company, and to five mandates held in other legal entities such as foundations and associations. Mandates held in different legal entities of one and the same single group of companies or mandates on behalf of a group or a legal entity shall be counted as one mandate. Limits may be exceeded for a short-term period of time, but by no more than one third of the number of permitted mandates per above-mentioned category.

4.4 Management contracts

The Company has not entered into management contracts with third parties.

Corporate Governance Report

5 Remuneration, shareholding and loans

Details on the remuneration, shareholding and loans are provided in the Remuneration Report.

6 Shareholders' participation

6.1 Generalities

Shareholders in Swiss corporations limited by shares have extended protective and participatory rights. Protective rights include the right of inspection and information (Art. 696, 697 CO), the right to a special audit (Art. 697a CO), the right to call a General Meeting (Art. 699 Para. 3 CO), motion rights (Art. 699 Para. 3 CO), the right to challenge resolutions of the General Meeting (Art. 706 CO) and the right to instigate liability proceedings (Art. 752 ff CO). Participatory rights primarily include the right to participate in General Meetings of Shareholders, the right to express an opinion and voting rights (Art. 694 CO). The Ordinance against Excessive Compensation in Listed Corporations grants additional rights to shareholders, such as with respect to the election of the independent proxy, whose term of office ends at the next Ordinary General Meeting. For further information on this ordinance, reference is made to the Remuneration Report.

The General Meeting is the highest body of the Company. It has the following non-transferable powers to:

- Establish and amend the Aol;
- Annually elect the members of the Board, the Chair of the Board, the members of the Remuneration Committee, the independent proxy and the auditors;
- Approve the Annual Report and the Consolidated Financial Statements;
- Approve the Annual Financial Statements and adopt resolutions concerning the allocation of the disposable profit, in particular set the dividend as well as the profit-sharing bonus;
- Discharge the members of the Board;
- Approve the remuneration of the Board and the Executive Management in accordance with Art. 14^{bis} of the Aol; and
- Pass resolutions on all matters reserved to it by law or the Aol.

For further information on the General Meeting, reference is made to the Aol (in particular Art. 9, 10 and 11).

6.2 Voting rights and representation restrictions

Pursuant to Art. 12 of the Aol, every person duly entered in the share register as a shareholder with voting rights is entitled to exercise the rights attached to the registered shares. Shareholders may have their shares represented at the General Meeting by a legal representative or, with a written power of attorney, by a third party, who is not required to be a shareholder of the Company. The Board shall decide on the requirements regarding powers of attorney and instructions; powers of attorney without qualified electronic signatures may also be recognised. The final decision on the validity of powers of attorney rests with the Chair of the Board.

Pursuant to Art. 7 of the Aol, upon request, acquirers of registered shares will be entered in the share register as shareholders with voting rights if they expressly declare that they have acquired the registered shares in their own name and for their own account. If this requirement is not satisfied, the person in question will be entered in the share register as a shareholder without voting rights. The Aol do not contain any express provisions for granting exceptions to this limitation.

The Aol do not contain any provisions on abolishing voting-rights restrictions; the general rules of the Swiss Code of Obligations apply.

Specific rules on the issue of instructions to the independent proxy or on the electronic participation in the General Meeting are set by the Board and communicated to shareholders in the invitation to the General Meeting.

Corporate Governance Report

6.3 Quorums required by the Articles of Incorporation

Where a General Meeting has been convened in accordance with the provisions of the law and the Aol, decisions may be taken, irrespective of the number of shares represented or shareholders present at the General Meeting. Pursuant to Art. 12 of the Aol, the General Meeting is therefore quorate regardless of the number of shares represented.

Except when the law and/or the Aol provide otherwise, the General Meeting passes resolutions and conducts elections by an absolute majority of the voting rights validly represented. Elections require an absolute majority in the first round, and, if this is not achieved, a relative majority is sufficient in the second round. In the event of a tie, the Chair of the Board has the casting vote. As a rule, votes are cast electronically. If the electronic voting system fails, an open vote shall be held unless one or more shareholders who alone or together represent at least 5% of the voting rights request a secret ballot.

Pursuant to Art. 14 of the Aol, a resolution of the General Meeting adopted by at least two thirds of the votes represented and an absolute majority of the nominal values of the shares represented is required for:

- A change to the Company's purpose;
- The introduction of preferred voting shares;
- The restriction of the transferability of registered shares;
- An authorised or conditional capital increase;
- A capital increase by recourse to equity, against contribution in kind or for the acquisition of assets and the granting of special benefits;
- The restriction or revocation of subscription rights;
- The relocation of the Company's registered office; and
- The dissolution of the Company.

6.4 Convocation of the General Meeting of Shareholders

The General Meeting is convened by the Board in the normal course of business or otherwise by the auditors or the liquidator.

One or more shareholders of the Company may request the convocation of a General Meeting if all of the following conditions are satisfied:

- The shareholder or shareholders together hold at least 10% of the nominal value of the share capital entered in the commercial register on the day the request is received; and
- The shareholder or shareholders submit their request in writing and, at the same time, arrange for shares with a

nominal value of at least 10% of the share capital to be blocked by the depository, the latter being required to issue confirmation that said shares have been blocked. The shares shall remain blocked until the day after the General Meeting.

For further information on the convocation of the General Meeting, reference is made to the Aol (in particular Art. 10 and 11).

6.5 Inclusion of items on the agenda

Pursuant to Art. 11 of the Aol, no resolutions may be passed on motions relating to agenda items that were not duly announced, except for motions by a shareholder to convene an extraordinary General Meeting, to carry out a special audit or to elect an auditor.

One or more shareholders of the Company may request that an item be included on the agenda if all of the following conditions are satisfied:

- The shareholder or shareholders together hold at least 5% of the nominal value of the share capital entered in the commercial register on the day the request is received;
- The shareholder or shareholders submit their request in writing and, at the same time, arrange for shares with a nominal value of at least 5% of the share capital to be blocked by the depository, the latter being required to issue confirmation that said shares have been blocked. The shares shall remain blocked until the day after the General Meeting; and
- The request is sent by registered letter to the attention of the Board to the registered office of the Company and shall arrive there at least 45 days prior to the General Meeting.

For further information on the agenda, reference is made to the Aol (in particular Art. 11).

Corporate Governance Report

6.6 Entries in the share register

Pursuant to Art. 6 of the Aol, the Company maintains a share register in which the names and addresses, respectively the corporate name and registered office of the owners of the registered shares and any usufructuaries, are entered into. The Board has mandated ShareCommService AG, Europa-Strasse 29, CH-8152 Glattbrugg, to maintain the Company's share register.

Pursuant to Art. 7 of the Aol, upon request, acquirers of registered shares will be entered in the share register as shareholders with voting rights if they expressly declare that they have acquired the registered shares in their own name and for their own account. If this requirement is not satisfied, the person in question will be entered in the share register as a shareholder without voting rights. For practical reasons, no new registration is made in the share register for a period up to 20 days before a General Meeting. Shareholders who sell their shares prior to the General Meeting are no longer entitled to exercise their votes.

For further information on entries in the share register, reference is made to the Aol (in particular Art. 6 and 7).

7 Changes of control and defence measures

7.1 Duty to make an offer

Art. 135 FMIA states that anyone who directly, indirectly or acting in concert with third parties acquires equity securities which, added to the equity securities already owned, exceed the threshold of 33¹/₃% of the voting rights of a target company, whether exercisable or not, must make an offer

to acquire all listed equity securities of that company. Art. 132 Para. 1 and 2 FMIA outlines the Board's obligation, in the event of a public takeover bid, to provide shareholders with the information they need in order to evaluate the offer and also prohibits the Board from taking defensive measures. No significant alteration in the assets or liabilities of the target company is permitted as from the time of the bid, aside from transactions that have already been approved at the General Meeting.

The Aol do not include any opting-out or opting-up clause.

7.2 Clauses on changes of control

None of the members of the Board, the members of the Executive Management or other employees benefit from change of control clauses.

Corporate Governance Report

8 Auditors

8.1 Generalities

The main duties of the auditors are to report to the General Meeting the results of their audit, the objective of which is to verify that the annual financial statements, the Annual Report and the proposed appropriation of retained earnings comply with the law and the AoI.

The auditors recommend the approval, with or without qualification, or the rejection of the annual financial statements. Further, when the Company is required to deliver consolidated financial statements, the auditors must report on the compliance with the law and the accounting principles adopted for the consolidation. The auditors must be present at Ordinary General Meetings, unless a unanimous resolution of the shareholders provides otherwise.

The consolidated financial statements and the statutory financial statements of the Company have been audited since 1999 by PricewaterhouseCoopers Ltd, which has been re-elected each year since then.

The auditors must be independent from the Board and from the shareholders. Except for tax matters, audit-related

services and other services that can generally only be provided by the auditors (e.g. reviews of documents filed with FINMA), the Group uses consultants who are independent from the auditors.

In addition to their audit opinions, the auditors are requested to provide the Audit & Risk Committee with specific information such as their audit findings, comments on accounting issues and audit fee proposals.

8.2 Duration of the mandate and term of office of the lead auditor

The auditors are elected for one-year terms by the General Meeting and are eligible for re-election. They were re-elected on 4 May 2018. Since 2014, Beresford Caloia has been responsible for the audit of the Group. The rotation frequency of the lead auditor is maximum seven years.

8.3 Audit fees and additional fees

The total fees charged by the auditors to the Group in 2018 are analysed as follows:

	2018	2017
in CHF		
Audit fees	716,682	630,161
Additional fees:		
Tax	60,000	65,000
Total	776,682	695,161

Audit fees are agreed upon in advance for the audits of the consolidated and statutory financial statements of the Group companies, as well as for the regulatory audit of the Bank. They can be adjusted in the course of the relevant year under special circumstances.

In 2018, audit fees increased due to the growth of the Group's operations as well as to the development of the scope and depth of audits applicable throughout the industry.

Tax-related additional fees mainly cover the assistance provided to the Group when filing local tax returns.

Corporate Governance Report

8.4 Informational instruments pertaining to the auditors

The auditors closely interact with the Audit & Risk Committee and are usually invited to its meetings. In 2018, the auditors met four times with the Audit & Risk Committee.

Year-round, the auditors issue, inter alia, the following documents:

The document includes, inter alia, information on (i) the developments in accounting standards, (ii) the auditors' risk assessment, (iii) the audit relating to the internal control system, (iv) the coordination of the auditors' activities with the internal auditor, (v) the estimated fees and (vi) the timeline of the audit activities;
- Information on the regulatory audit, which includes, inter alia, information on (i) the changes in the regulatory environment, (ii) the auditors' risk analysis pursuant to FINMA Circular 2013/3 on auditing and the audit strategy, (iii) the estimated fees and (iv) the timeline of the audit activities;
- Review report to the Audit & Risk Committee and to the Board with respect to the condensed consolidated interim financial statements;
- Comprehensive report to the Audit & Risk Committee and to the Board with respect to the statutory and consolidated financial statements of the Company, respectively to the Board of Directors of the Bank with respect to the statutory financial statements of the Bank. The document includes, inter alia, the auditors' key findings regarding the accounting, the internal control system and the performance and results of the audit;
- Regulatory audit report to FINMA, a copy of which is addressed, inter alia, to the Board and the Board of Directors of the Bank; and
- Report to the General Meeting of the Company, respectively of the Bank, on the results of the audit of the financial statements. The document includes, inter alia, (i) the auditors' opinion as to whether the financial statements should be approved with or without qualification, or rejected, (ii) information on the

independence of the auditors, (iii) a confirmation as to whether an internal control system exists or not and (iv) a confirmation as to whether the proposed appropriation of retained earnings complies with the law and the Aol.

The above-mentioned documents are commented on by the auditors in meetings of the Audit & Risk Committee. The planning of the statutory and consolidated financial audits and information on the regulatory audit are discussed at the Annual Conference on Risks, to which the members of the Audit & Risk Committee attend.

The Audit & Risk Committee also receives copies of the reports related to the Bank's compliance with the provisions of agreements or private regulations (e.g. regulations issued by the SIX Swiss Exchange). This allows the Audit & Risk Committee to assess the work of the auditors performed outside the standard audit services, in particular in terms of conflicts of interest.

Once a year, the Audit & Risk Committee reviews the qualification, independence and performance of the auditors and assesses, inter alia, the level of expertise available, the adequacy of resources and the quality of the planning (in particular the coordination with the internal auditor). The Audit & Risk Committee assesses the auditors' independence on the basis of the auditors' related annual confirmation and on the Audit & Risk Committee's own assessment of the various reports addressed to its attention or of which it received a copy. The Audit & Risk Committee also assesses whether the amount and trend in audit fees appears reasonable. In this respect, changes to audit fees must be justified by the auditors in terms of marginal changes in volumes to be audited and/or complexity of the audit items.

Based on its annual assessment, the Audit & Risk Committee recommends to the Board to either propose the General Meeting to re-elect the auditors or to start a process for the selection of new auditors.

9 Information policy

9.1 General principles

The Company's information policy aims primarily at promoting confidence, creating a better understanding of the Company's business and developing and maintaining realistic investor expectations.

The Company commits to providing timely and orderly information in accordance with the applicable legal and regulatory requirements, in particular with the provisions of the SIX Swiss Exchange regulations on ad hoc publicity. The Company aims at providing the financial market with consistent, accurate and complete information evenly during profitable or difficult periods and ensures that the investment community has fair access to such information.

It is the Company's policy not to release detailed earnings projections, but it may provide certain guidance and/or outlooks to the investment community for them to assess the Company and its business prospects.

As a general rule, material or price-sensitive information must be released promptly as soon as the main aspects of such information are established by the Company. However, the Company is permitted under the relevant regulatory provisions to postpone the release of material information, if the information concerns a plan or negotiation of the Company and its premature disclosure would prejudice the legitimate interest of the Company. In such case, the Company will take adequate measures to ensure the effective confidentiality of the information and to prevent insiders from trading on the basis of that information. The Company will adequately inform the investment community in cases where the information previously kept confidential is substantially leaked into the market.

The Company will generally avoid releasing material and price-sensitive information during trading periods of the Company's shares or shortly before opening of trading. If the information is to be released during normal trading hours of the SIX Swiss Exchange (9 a.m. to 5.30 p.m.) or less than 90 minutes before the opening of trading, the competent department (SIX Exchange Regulation) must be informed at least 90 minutes prior to the release of such information. In situations where it cannot be avoided that material information be disclosed during trading hours, the Executive Management must consider whether a request for a suspension of trading is appropriate. If material and non-public information is divulged unintentionally in a selective setting, such as analyst meetings or conference calls, which are not open to the investment community, the Company will publicly disclose such information promptly after the meeting or after it learns of the selective disclosure.

If the Company discovers that a statement made was, in fact, materially incorrect at the time it was disclosed, the Company will publicly issue a corrective statement of such incorrect statement as soon as the error is discovered. The Company will also issue in due time a corrective statement when new facts have emerged that make a previous disclosure false or misleading.

The Company does not comment on market rumours and speculations.
